

MONOCOTTURA IN PASTA BIANCA  
WHITE BODY SINGLE-FIRED WALL TILE

**FES**

**SPESSORE - THICKNESS 9**

When craftsmanship inspires ceramics, Fes is created, a collection that combines traditional craftsmanship and contemporary style. The decorative art typical of Morocco suggests the union between the eight neutral solid colours and the geometric decorations that can be combined as desired, creating ever repetitive patterns thanks to the play of colours on the glossy and irregularly coloured surface in the 5"x5".
